**4) Other business:**

Locke said the zoning change agenda is not on the agenda for this meeting. It will be on the February agenda. Dreger said City Council should decide on this as they will go through the same procedure as Planning Commission. Dreger suggested for the Commission to advise Council to hold a hearing and advise them of the concerns Planning Commission has seen.

Locke told the Commission to bring a list of their concerns to the February meeting. Dreger thinks there were more viable comments by Commission members.

Locke said the Commission could send Council the minutes from the November public hearing. Also, include the comments from the Commission so City Council will see what to expect from the public at their public hearing.

Dreger gave an example of the traffic. That has been raised as an issue.

Lundgren made the motion to adjourn. Dreger 2<sup>nd</sup> the motion. All are in agreement. Meeting adjourned at 4:37 pm.
