RE: Application for Water Service

Dear Customer,

Completely fill out the enclosed forms and return the original forms in the envelope provided.

- **Application for Water Service:** Please note that the Application for Water Service must be signed and notarized before returning it to our office. If you intend on renting this property, *both* the top and bottom of the application must be signed and notarized to allow the tenant/lessee to receive the bill directly. **Once our office receives the completed, signed and notarized application, the tenant/lessee may then come into our office and fill out the tenant/lessee portion of the water application, thus completing the application process.*
- **Backflow Prevention Determination:** Please answer the questions, to the best of your knowledge, concerning the property service address; sign and return the questionnaire.
- **Conditions Governing Water Service:** One copy of the Conditions Governing Water Service is yours to keep. The other needs to be signed and returned to us.

If you have any questions, please do not hesitate to give us a call.

Thank you for your time in this matter.

Sincerely,

City of Alliance
Water Department

CONDITIONS GOVERNING WATER SERVICE

1. The Superintendent or other proper agent of the Water Department shall have access at all reasonable hours to any part of the premises to which water is supplied, for the purpose of conducting the business of the Department.
2. The Water Department shall have the right at any time, without notice, to shut off the water in any or all of its mains in case of fire or for making repairs or extensions or for delinquent water rent or any other necessary purposes.
3. The Water Department undertakes only to use reasonable care and diligence to supply a constant supply of water through its mains and it is manifestly to every interest of the Department that no break, failure or accident should occur but that in the event of any break, failure or accident the Department shall not be liable to any owner or person for any loss or damage resulting from any such break, failure or accident, or if water is ordered off by property owner at curb, Water Department will not be responsible for leaks or damage from leaks due to faulty valves.
4. All service lines from the main to the building are the property of the owners and must be installed, maintained and replaced at the owner's expense. The Water Department reserves the right to discontinue service if leaking service lines are not repaired within the ten day warning period.
5. Only the Water Department is authorized to make taps and connections to the mains and all other work must be done by a licensed plumber.
6. Every property served must have a separate curb stop, which shall be set approximately one foot inside the curb line. The curb box and stop are the property of the owner and must be maintained in operating condition by him. The curb box must be set at right angle to the main.
7. Every property must have a shut-off valve on the service line just as it enters the building on the inlet side of the meter. This valve must be maintained in operating condition by the owner.
8. All meters are the property of the Water Department, but the owner is responsible for protecting the meter from freezing. Cost of repairs to frozen meters must be paid by the owner.
9. The size of the meter furnished will be determined by the Water Department.
10. The owner shall receive all water bills. If the owner asks that a tenant receive the water bill, that arrangement shall be for convenience only. *The owner is always personally responsible for all water charges and delinquencies.* Also, no water bills will be sent to the tenant unless said tenant agrees to be jointly and severally liable for all water charges.
11. If the property is sold under a land contract arrangement, both the record owner and the land contract vendee shall be jointly and severally liable for all water charges and delinquencies.
12. No deduction or rebate shall be made to any owner because of leakage, as it is the owner's responsibility to keep all pipes and water consuming devices in repair and in proper operating condition.
13. It shall be the responsibility of a person or persons acquiring a property to see that all water and sewer bills are paid. *Said bills are a charge against the property and must be paid or assumed by the new owner.*
14. No person, property owner, firm or corporation or entity of any kind who applies for water service through the Municipal Waterworks System of the City of Alliance shall receive the same until any and all outstanding water or sewer bills, including current charges and delinquencies, for all properties owned or occupied by said applicant, currently or in the past, have been paid in full to the satisfaction of the Safety Service Director or his agents.

30 DAY INSTALLATION NOTICE FOR BACKFLOW PREVENTION DEVICE

We are contacting you regarding compliance with the rules of the Environmental Protection Agency and the City of Alliance. Those rules require that a reduced pressure backflow prevention device (RP) be installed on your water service directly after the water meter, and at the service connection of any fire system(s) (RP w/ detector check) that exist on the property. This device must be tested by an approved tester (list attached) at the time of installation and every twelve months thereafter. If this device is already installed, please forward a current test report to, or contact the Alliance Distribution Department at 1010 N. Walnut St., Alliance, OH 44601.

There are circumstances where this requirement may be waived. It is recommended that you contact Marcus Benson or Dave Crewson at (330) 823-5216 for additional information before proceeding.

You have 30 days to complete this installation. Please understand that this notice also serves as your 10 day shut-off notice. If the tests are not received by this office within forty (40) days of this notice, the City will be forced to discontinue water service and/or impose a \$100.00 per day fine. Please respond as soon as possible.
