The equalization board having revised their report concerning certain objections to certain Assessments on ^{South} Street improvements submitted the following report

REPORT OF EQUZLIZATION BOARD.

The undersigned an equalization board appointed and acting in pursuance of the resolution, passed on the 10th day of Sept. 1912, respectfully report that after taking an oath before the proper officer to honestly and impartially discharge our duties, did on the 17th day of Sept. 1912, hear and determine all objections to the assessment on the improvements hereinafter described.

1. East State Street from Arch avenue to Union avenue,
 Cherry Avenue State street to Harris Place.
 Mill street Cherry Ave to Arch Avenue.
 Mill street and Cherry Avenue by constructing Sanitary Sewer #129.
 South Street from Liberty Avenue to Arch Avenue.

We have considered remonstrances from the following persons: W.H. Dutton, G.A. Paddock, D.L. Ray, Dennis Smeltz, W.H. Antram, E.B. Silver and a petition signed by A. Nichols and eighteen others, owners of real estate on East State street.

In a considerable number of these complaints the board finds upon advise of the city solicitor that they have no jurisdiction to act and, therefore make no reports concerning these petitions of complaints concerning which the jurisdiction of our board is doubtful. On the things which are pertinent and upon which we have authority we beg leave to submit the following.

It is the judgement of our board that we would recommend no changes in the values as made by the estimating committee excepting in the case of Dennis Smeltz, relative to lot #3382 located on the North-east Corner of Freedom avenue and South street, it being the opinion of our board that the value of this lot after improvement is made would be Eleven Hundred and No /100 Dollars (\$1100.00) and that the estimate should be based upon that valuation.

Complaint having been made to us by certain property owners on South Street as to the findings of the estimating committee on the value, after the improvement is made, of the lot located on the South-west corner of Liberty avenue and South street the same having been found by the estimating board to have no value. In our judgement the estimating committee has erred in this as we believe after the improvement is made the value of this lot will be Four Hundred Dollars (\$400.00).

2. And have equalized the assessment on the property abutting upon South Street from Liberty Avenue to Arch avenue as follows:
